Cognizant Digital Nurture 3.0

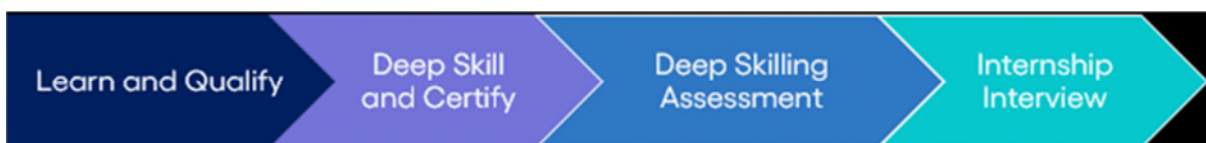

JAVA Full Stack

Digital Nurture was launched in 2021 and following its success, DN 2.0 provided enhanced learning opportunities for students in 2022. Taking this journey ahead, DN 3.0 is aimed to upskill and deep skill talented young minds in acquiring relevant skills and to bridge any gaps in the foundational knowledge.

We are excited to welcome you to the launch session of DN 3.0 Java FSE track, a program through which we aim to skill students on niche competencies during their 7th semester.

Cognizant Nurture 3.0 Launch Session of DN 3.0 Java FSE track.

Meeting on May 6, 2024

Time : 2.00 pm to 2.45 pm

Greetings from **Cognizant!**

We would like to thank you for being a pillar of support in driving Campus engagements to its success.

Digital Nurture was launched in 2021 and following its success, DN 2.0 provided enhanced learning opportunities for students in 2022. Taking this journey ahead, DN **3.0** is aimed to upskill and deep skill talented young minds in acquiring relevant skills and to bridge any gaps in the foundational knowledge.

We are excited to welcome you to the **launch session of DN 3.0 Java FSE track**, a program through which we aim to skill students on niche competencies **during their 7th semester**. Request you to please **extend this invite to the students from the below mentioned streams**.

Note: Candidates graduating in 2025 from B.E / B.Tech with CS/IT & Circuit streams are eligible to apply

Meeting details

Cognizant Digital Nurture 3.0 | Java FSE | Nominations are open

Welcome to the **Digital Nurture 3.0!**

We are delighted to share promising skilling opportunities for your students. **Digital Nurture** is a pre-skilling program designed to equip 2025 graduating Engineering students and fostering industry readiness. We are happy to share the nomination link for **Java FSE** given in the attached student mailer. Kindly share it with your students and they can nominate until **14th May, 2024**.

Please save the attached mail to your desktop and open it from there to enable the **'Send'** button.

Note: Candidates graduating in 2025 from B.E / B.Tech/ M.E/M.Tech/ MCA with CS/IT & Circuit branches are eligible to apply

The final decision on the candidate screening and eligibility for subsequent stages will be at the sole discretion of **Cognizant**.

Cognizant Digital Nurture 3.0 | Communication assessment prerequisites | Java FSE - 2025 Batch

Communication Assessment is scheduled on May 27, 2024

Greetings from **Cognizant!**

We are pleased to receive your student's nominations towards **Digital Nurture 3.0 Java FSE track**.

It gives us immense pleasure to share the list of students who have advanced in the process and are eligible for the **communication assessment scheduled on 27th May 2024**. Please note that the communication assessment is sensitive in nature, hence kindly ensure that the students are well-equipped prior to the same.

We request you to forward this mailer to attached shortlisted candidates. This will help them learn more about the assessment timeslot, pre-requisites, do's and don'ts, and perform the system setup well in advance.

Candidates would also receive an email from the Superset notifications@email.joinsuperset.com with the assessment link (as per the slot) along with all the details required to perform the system readiness check in advance. Kindly advise the candidates to keep a close check on their registered email id.

Digital Nurture 3.0 | Learn and Qualify

*JAVA Fundamentals

(JAVA, SQL, Web UI, HTML, Bootstrap, JQuery, CSS & Java Script)

Greetings from **Cognizant!**

With great pleasure we are pleased to share the list of students who have successfully cleared the communication assessment and are shortlisted for the open source learning in Stage 1 of DN **3.0**, 2024

We request you to forward the attached mailer to shortlisted candidates. The candidates are expected to complete the open source learning on or before 27th June, 2024. The communication regarding the qualifier assessment in stage 1 will be shared shortly.

Digital Nurture 3.0 Qualifier | Technical assessment pre-requisites

Dear Professors,

Greetings from **Cognizant!**

The DN **3.0** Qualifier technical assessment is scheduled on **8th July 2024**. Refer the attached excel for the list of shortlisted candidates and their assessment slots.

Please note that only one attempt is available and the assessment can only be taken through a **Mettl Secure Browser (MSB)**. Candidates must download the **Mettl Secure Browser (MSB)** and keep the system ready by **7th July** to avoid any complications at the time of launch of the assessment. [Click here](#) to download MSB and perform the system compatibility check.

We request you to forward this mailer to attached shortlisted candidates to ensure they are prepared with the required system setup and learn about the do's and don'ts well in advance. Kindly check the instructions shared below.

Candidates would also receive an email from the Superset notifications@email.joinsuperset.com with the assessment link (as per the slot) along with all the details required to perform the system readiness check in advance. Kindly advise the candidates to keep a close check on their registered email id.

Digital Nurture 3.0 | Deep Skilling | Java FSE

Dear Professors,

Greetings from **Cognizant!**

We are extremely delighted to have partnered with you for the **Digital Nurture 3.0** program. As we progress into the deep skilling stage, we are pleased to share the list of students who have successfully cleared the qualifier assessment and are shortlisted for deep skilling in Stage 2 of DN **3.0**, 2024.

Kindly cascade the attached student mailer, handbook, and FAQ document to the eligible students. The students can refer to the handbook for details regarding the week-wise learning program spread across **5 weeks**. Students need to start their learning from **24th July** and finish by **28th August**.

Digital Nurture 3.0 | Deep Skilling | Java FSE

Dear Students,

Greetings from **Cognizant!**

Hearty congratulations on successfully stepping into the deep skilling stage of the **Digital Nurture 3.0** Java FSE track. You have successfully cleared the qualifier assessment and moved to stage 2 of the program.

Please find attached the Handbook and FAQ document, which will brief you on the week-wise learning process and the modules you need to complete in this program. You are required to complete the learning by **28th August**.

Deep Skilling Details:

- This deep skilling program is scheduled for **5 weeks**, during which you can complete the modules based on the details provided in the handbook.
 - You will have the opportunity to connect with business SMEs and trainers, who will help clarify your queries throughout this program.
- By the end of the deep skilling stage, there will be a final evaluation. Upon successful completion of this program, you will become eligible for internship interviews.

Kindly advise the candidates to keep a close check on their registered email id.

Digital Nurture 3.0 | Eligible for interviews

Dear Professor,

Greetings from Cognizant!

We are pleased to share the list of candidates who are **shortlisted for the final interview**. We will share the interview details shortly.

Please be informed that while the interviews are in-person, the interviews will still be recorded on superset platform. Therefore, **kindly ensure candidate has a functional webcam and mic on the day of interview.**

Candidates would receive an email from the Superset notifications@email.joinsuperset.com with the interview details and pre-requisites. Kindly advise the candidates to keep a close check on their registered email id.

Please note that Cognizant has a **zero-tolerance policy** towards any malpractice, inappropriate behaviour, and unacceptable clothing during interview. Kindly advise the candidates to follow the do's and don'ts mentioned below.

Cognizant DN 3.0 update | Nodal center for In-Person Interviews

Dear Placement Officer,

Greetings from **Cognizant!**

We express our sincere gratitude for your willingness to act as a nodal centre for our forthcoming in-person interviews towards **Digital Nurture 3.0** program. Your collaboration is invaluable to us.

We are planning to conduct the interviews on **13th Sep 2024**, and we are anticipating the participation of around **101** students. To conduct this event, we will need **17** interview rooms and a student waiting area.

Please be informed that while the interviews are in-person, the interviews will still be recorded on superset platform. Therefore, both panelists and students will be carrying their laptops. Kindly request you to make necessary arrangements such as Wi-Fi access and charging points.

Important note: Please check the attached document and ensure all the superset links are accessible via college Wi-fi. In case of any issues, please coordinate with your IT team to ensure **these links are whitelisted beforehand**.
